BUSINESS OWNER'S POLICY (BOP)

A BOP can help protect your business in much the same way that a homeowners policy protects your home and personal possessions. The Hartford's BOP combines these essential coverages to provide a cost-effective solution to help safeguard your store:

- **Business Property insurance** to help protect the property you own, lease or rent
- **Business Liability coverage** to help protect your business in the event it is responsible for causing harm to a person and/or damage to property
- **Business Income coverage** to help protect lost income if your business is forced to close due to direct physical loss or damage to its premises resulting from a covered cause of loss

OPTIONAL COVERAGES SHOPS LIKE YOURS SELECT

A wide range of optional coverages offer additional protection for risks that are unique to pet services. Many are available separately or in cost-effective packages, giving you the flexibility to design a program that's important to your business.

Data Breach helps you pay for response expenses, legal costs and income protection if the sensitive personal information you collect or store is lost or stolen.

Employment Practices Liability (EPL) provides coverage if you're sued by an employee, patron or vendor alleging discrimination, sexual harassment, wrongful termination or other types of claims relating to your employment practices.

Animal Bailee Coverage covers the accidental injury, death, destruction, or disappearance of animals owned by others while in your care, custody, or control while such animals are located in the business, including while in transit on a vehicle owned, leased or operated by you.

Veterinarian's Professional Liability covers bodily injury, property damage, or personal and advertising injury that happens as a result of the professional services of veterinarians and veterinary technicians.

Employee Dishonesty provides coverage if an employee steals money, securities or other property owned by your business.

Electronic Data and Interruption of Computer Operations
